

STATPREP WORKSHOP

OPENING ACTIVITY

- Take a look at the photos on the handout.
- Select one photo that speaks to you in terms of teaching introductory statistics.
- These photos are also posted around the room. Find the photo that you selected and stand by it.
- Take a few minutes to introduce yourself to the others who chose the same photo and briefly describe why you chose that photo and how it relates to how you feel about teaching introductory statistics.
- One person in the group should be prepared to share the group's thoughts on the photo.

PLAN FOR THE WEEKEND

- This workshop was designed for every level to teaching statistics from novice to expert.
- This weekend, we will focus on some of the key “big ideas” of introductory statistics.
- Participants will be able to utilize free applets to further extend students’ knowledge of statistics topics.
- We will also consider assessment of conceptual understanding.
